

Good to know

Rate chartered cruise

The rate for a chartered cruise is depending on the type of ship, number of participants, duration and starting and ending point. Let us know your program and we will be happy to prepare an offer for you.

Fleet

Choose the perfect ship for your event. The 18 ships of the Lake Lucerne Navigation Company (SGV) AG are a great location for your event.

Arrival and departure

Lucerne is the departure point for chartered cruises. The boats of the Lake Lucerne Navigation Company are located directly next to the train station and near numerous public parking garages. Should you wish to depart from or dock at a location other than Lucerne, we will adjust the fee. In addition, we will charge you a surcharge for the presence of our catering staff. Please ask us for further details.

Flexible arrival and departure of participants

Book a standing rent before or after the round trip at the pier in Lucerne and offer your guests the option of getting on or off the boat individually.

Catering

As the official board caterer on Lake Lucerne and a subsidiary of the Lake Lucerne Navigation Company, Gastronomie Vierwaldstättersee (Tavolago AG) is dedicated to delivering top quality products and preparing meals that use only the freshest regional ingredients. We value wholesome, honest food and want to share this with you.
